Fall Payment Plans

Educational expenses can be easier to manage when spread over predictable monthly payments. UConn offers interest-free payment plans as an alternative to one large payment to help limit loan borrowing and ease financial pressures. Students and designated authorized users may contribute to a payment plan to pay for eligible student charges.

Students who enroll in the payment plan will see a **positive service indicator** (★) on their account noting that they are active in the payment plan. This service indicator will NOT prevent any University services and is primarily a note to identify the account.

Students who **enroll in a payment plan through July 20th** may split their balance into the following equal installments:

- 5 installments due 7/20, 8/20, 9/20, 10/20, 11/20
- 4 installments due 7/20, 8/20, 9/20, 10/20
- 3 installments due 7/20, 8/20, 9/20

Students who **enroll in a payment plan after July 20th through August 20th** may split their balance into the following equal installments:

- 4 installments due 8/20, 9/20, 10/20, 11/20
- 3 installments due 8/20, 9/20, 10/20

*** If a student does not enroll prior to the fee bill due date for the fall term, they may receive a hold and/or late fees.

Eligibility

- Fall and Spring Payment Plans only
- All students who owe more than \$300 for the current term qualify.
- The student cannot have a past due balances, he or she must first pay off their outstanding balance.
- **Must have a U.S. bank account and U.S. address**
- Students and Authorized Users must be willing to allow automatic withdrawals from a personal U.S. checking account or scheduled charges to debit or credit card
- Must pay the \$100 non-refundable sign-up fee for the Fall and Spring plans. The sign-up fee is deducted from your bank account or charged to your debit or credit card as soon as you complete the enrollment process.
